

SUMMER 2020

BLOCKS PATHOGENS, ODORS, GAS & INSECTS

Green Drain™ is the new standard for floor drain trap seals.

Self-cleaning – water free – it protects against viruses, bacteria, odors, sewer gases and insects. It also stops minor flooding from backed-up plumbing.*

Green Drain's™ patented one-way design allows water and debris to flow down the drain while blocking anything from coming up through the drain.

This pathway blocking technology makes Green Drain™ a proactive, cost-effective solution to protect from the spread of contagious pathogens like COVID-19.

Green Drain™
WATERLESS DRAIN TRAP SEAL

Exclusively distributed by **EVERFLOW™**

Stop Floor Drain Odors The Right Way.
Proven. Patented. Effective.

Prevents coronavirus and other viruses, bacteria, gases and pests from entering your home through floor and shower drains

Eliminates need for continuous wasted water and high utility bills caused by dripping water from trap primers
